Phoenix AmeriCapital Investments Summit 2021

THE PHOENIX AMERICAPITAL INVESTMENT SUMMIT

AN INTRODUCTION

21-23 NOVEMBER 2021 | THE SEYCHELLES

PACI SUMMIT OBJECTIVES

The Phoenix AmeriCapital Investment Summit (PACI Summit) is an exclusive investment event dedicated to bringing together companies seeking finance and solutions with investors and solution providers. The dual themes of the summit are conservation and Special Purpose Acquisition Companies (SPACS). Fundraising and access to capital is crucial to the success of all businesses and the PACI Summit helps to ensure success for all members while supporting conservation.

THE PROGRAMME

PACI Summit will be held over three days concentrating on four major focus areas for investment that are today's highest priority; FinTech, Disruptive Healthcare Technologies and Distance Learning and Renewable Energy. The programme will mix cutting-edge presentations from global experts and industry leaders with dynamic panel discussions. The content of the programme will be exclusive to PACI Summit members.

THE AUDIENCE

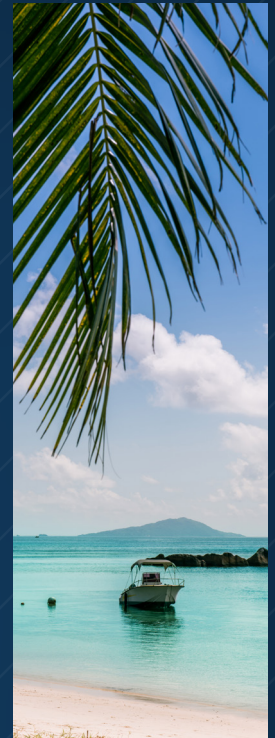

The PACI Summit will be by invitation only and all attendees will be vetted by the steering committee before attendance is approved. Speakers, sponsors and delegates to the PACI Summit are all members and as such are offered the highest levels of service throughout the event. The PACI Summit members will be drawn from companies seeking investment, service providers and the investors themselves with the focus on sustainability and SPAC. All members are pre-qualified to ensure that the senior nature and exclusivity of the membership is maintained with members attending the PACI Summit from across the world.

THE VENUE

The PACI Summit is hosted in the Seychelles in a highly prestigious venue that marries a safe COVID 19 first-class business environment in one of the most aesthetically engaging locations in the world. All members at the PACI Summit will be looked after from the moment they arrive in the Seychelles through to their departure. The country of Seychelles has one of the highest and most successful rollout of vaccinations in the world and has been successful in screening travellers and opening up its economy for tourism.

THE EXPERIENCE

All members have made a significant investment in their schedules to participate in the PACI Summit so every step is taken to ensure that from arrival to departure; members can concentrate on enjoying the insightful content of the conference programme integrated with a series of one-on-one business meetings with their nominated targets. Throughout the event there will be less-formal events to facilitate networking in the most relaxing and beautiful environment.
